Thanks Greg! And thanks again for joining the call today. As I told a state rep after the last call, it is SO helpful to get your (the states') perspectives on these items. I think you help us to get out of the old standard ways of doing things and embrace more streamlined approaches (that will likely work better). Thanks again and talk with you soon, Gina

Gina

Attached is the document that we utilize to route our incident reports to various state agencies in Colorado depending on the situation.

Let me know if you need anything else.
